II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and section 104(c) of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), we invite public comments on permit applications before final action is taken. With some exceptions, the ESA and MMPA prohibit activities with listed species unless Federal authorization is acquired that allows such activities. Permits issued under section 10 of the ESA allow activities for

scientific purposes or to enhance the propagation or survival of the affected species.

Regulations regarding permit issuance under the ESA are in title 50 of the Code of

Federal Regulations in part 17. ESA permits cover a wide range of activities pertaining to

foreign listed species, including activities related to the captive-breeding of such species

here in the United States. Concurrent with publishing this notice in the *Federal Register*,

we are forwarding copies of the marine mammal applications to the Marine Mammal

Commission and the Committee of Scientific Advisors for their review.
